

Apna Saman, Apni Company

NETWORK PARTNER PLAN

Keep your driver network active. Earn on successful rides.

A Movigo Network Partner onboards drivers and keeps them active and wallet-disciplined. The Partner earns on the successful, financially settled rides of those drivers.

- ✓ Driver-owner model
- ✓ Weekly settlement
- ✓ Only wallet-settled rides

₹5,000

One-time Partner
Activation Fee

WHAT THE ₹5,000 INCLUDES

- 01 Partner ID + unique code
- 02 Driver onboarding training
- 03 Digital posters, QR & rate card
- 04 Partner dashboard / weekly report
- 05 WhatsApp support group
- 06 City launch support

No fixed salary. No territory ownership. No income guarantee. Earnings only on genuine, successful and financially settled rides.

HOW IT WORKS

One driver. One owner partner. Zero split disputes.

01

The Partner onboards a verified driver on Movigo.

02

The driver's Partner Code is permanently tagged on their profile.

03

The Partner supports the driver on rides, service quality and wallet discipline.

04

The Partner earns on every successful, financially settled ride.

THE PARTNER'S MAIN ROLE

Driver side

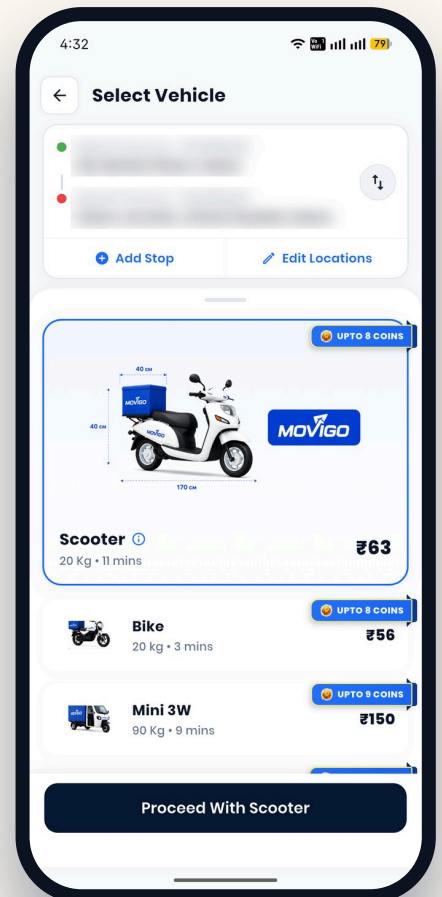

Onboard drivers, complete their documents and app setup, activate them up to the first ride, and ensure wallet recharge and good service.

Retailer side

Connect retailers to the app and service, and bring regular delivery demand. The payout for retailer onboarding will be decided soon.

Priority

Keep your tagged drivers active and financially disciplined. This is the base of your recurring earnings.

Retailer app: booking a delivery vehicle

Important: Each driver is tagged under only one Network Partner. Ride earnings are not split with any retailer partner or any other partner.

PARTNER EARNING RATE CARD

Simple. Fixed earnings on every genuine successful delivery.

ACTIVITY		PARTNER EARNING
	Verified driver: first successful, financially settled ride	₹50 one-time
	2W completed order	₹3
	3W Mini completed order	₹6
	E-loader completed order	₹6
	3W Diesel completed order	₹10
	Tata Ace completed order	₹20

ILLUSTRATIVE MONTHLY EARNING

Example network: 100 completed orders per day

₹240		₹60	₹50	₹100
☐ 2W 80 orders	☐ Mini 3W / E-loader 10 orders	☐ 3W Diesel 5 orders	☐ Tata Ace 5 orders	

₹450 per day

₹450 × 30 days

₹13,500 approx.

This is an illustration, not an income guarantee. Actual earnings depend on active drivers, completed orders, the applicable city rate card and wallet settlement.

WALLET SETTLEMENT & STRICT RULES

Clean network. Clean payout.

WALLET SETTLEMENT

When a ride is completed, the earning shows as Pending in the dashboard. It is released in the weekly payout only after the related driver's wallet due / negative balance is recovered and the ride is financially settled.

Ride completed

Shown as Pending
in the dashboard

Released in the
weekly payout after
settlement

- 1 Partner payout is made only on successful, paid and financially settled rides.
- 2 No payout on negative wallet, pending recovery, refund, cancellation, fraud or self-booking.
- 3 If a driver's wallet due remains unsettled for 30 days, or the driver account is blocked, the pending payout may be cancelled.
- 4 The Partner shall not collect fare or wallet payments from any customer or driver.
- 5 The Partner shall not change fares, discounts, app pricing or the rate card.
- 6 Fake documents, false tagging, fake bookings or misconduct may lead to termination of the Partner ID and cancellation of pending earnings.
- 7 No commission is payable to the Partner for onboarding any new partner.

Join the movement.

Grow the Movigo driver network in your city, make the service reliable and earn from verified delivery activity.
